### PROGRAMS START EVERY MONDAY

#### **PROGRAM DESCRIPTION**

This Chinese & Painting program enables you to combine a Chinese course with Chinese Painting lessons. This unique program offers exciting hands-on art classes, meaningful cultural immersion, and an enriching language program.

#### **CITY AND COUNTRY INFO**

The capital of the People's Republic of China, 3,000 year old Beijing, is situated in the northeast of the country. Also known as Peking, the city is one of the most populous cities in the world and beautifully blends ancient and modern Chinese cultures. The city is the center of cultural, diplomatic, business, and financial activity of this rapidly growing country and is amongst the most developed cities in China. Beijing is home to such famous sites as the Forbidden City, the Summer Palace, Temple of Heaven, and Tiananmen Square to name a few.

Few cities in the world have served as long as the political and cultural center of an area as immense as China. Beijing is one of the four great ancient capitals of China, and has been the heart of China's history for centuries. The city is renowned for its opulent palaces, temples, and huge stone walls and gates. It was also the host of the 2008 summer Olympic games.

Given the city's historical, cultural and political heft, locals are justifiably proud to be citizens of the capital, as they go about their lives while being surrounded by some of the most spectacular historical places in the world. Beijingers are said to be some of the friendliest and straightforward people of China, as they are very interested in politics, current events and most always willing to strike up a conversation with visitors.

At the end of the program, the student will be able to use ancient techniques to draw a complete painting.

## **LODGING OPTIONS**

### **HOMESTAY**

Our families are carefully selected and offer very good standard accommodation. They live in residential areas at a reasonable distance from the school (taxi fare \$1-\$3). They provide breakfast every morning of the week, dinner on Saturdays and Sundays. Our advice: Chinese people like presents - bring them a little souvenir from your country, they will be delighted. In this residential area, live quite a lot of intellectual people in their 40/50, young people working for CCTV (China central television), software companies, freelance, but also social workers, etc, from the middle-class. Most of them are open-minded and have overseas experiences. 9 meals are included weekly.

### **STUDENT RESIDENCE**

The brand new student residence is on campus and offers superb facilities. The furniture is modern. The twin bedrooms are equipped with a very nice private bathroom (at least 3 star hotel standard). All the bedrooms in the student residence are equipped with telephone, computer (free internet access), tv, air-conditioning and even a thermos flask. Meals not included.
