### QUALITY

Our teachers all have university degrees and are fully qualified to teach French as a foreign language. They have been chosen because of their experience in teaching and taking care of young people.

### LEVEL TEST

On the first day, students take an evaluation test. Groups of the same linguistic level are formed based on the outcome of the test.

## FRENCH COURSE

The course includes 15 hours of lesson time per week. The lessons are between 9:00 and midday. In each multinational class, there is a maximum of 15 students to ensure that each teenager is really involved in the class and that the teacher is able to support the students fully.

The teaching philosophy is **“Play and Learn”**. The teaching is based on oral communication with the help of authentic and exciting materials: films, magazines, songs, television programmes etc. The teachers create lots of games to make the lessons lively, interactive and fun.

## END OF COURSE CERTIFICATE

At the end of the course, each student receives a certificate indicating the level he or she has achieved.

## ACCOMMODATION

Students have full-board accommodation at the **Saint Nicolas Residence**. There are four beds in each bedroom and shared bathrooms and toilets on every floor.
