

WHY PARTICIPATE:

- ◆ **To broaden** one's foreign language skills
- ◆ **To experience** and learn about the education system abroad.
- ◆ **To immerse** oneself academically and culturally by gaining first-hand experience of how languages are taught abroad
- ◆ **To combine travel, academics, and community** into one incredible life-changing experience

Enjoy!

Seeing another country, meeting people from around the world, eating new foods, understanding different lifestyles and gaining problem solving insights ... can be fun! At least that is what 95% of our students tell us.

ABOUT THE NRCSA CONSORTIUM

The NRCSA Consortium was founded in 1968 with the goal of facilitating international studies and understanding. To date over 80,000 people have successfully completed our courses abroad including teens, university students, professionals and mature adults from the USA and abroad. We invite you to expand your international multicultural skills and benefit from the increasingly linked global community.

NRCSA Consortium centers offer value and a record of success. We look forward to helping you find the program that best matches your needs.

Additional Options:

Each NRCSA center offers field-trips, activities or courses related to several of the following: archeology, area studies, art, business, cooking, computer science, crafts, current events, dance, diving, ecology, education, fashion, golf, government, history, literature, marketing, music, nature studies, photo, physical science, riding, skiing, social sciences, swimming, teacher workshops, tennis, theater and day care services for families.

Teachers and administrators

from the following school districts, schools, and universities registered through NRCSA to study abroad. Some were advanced foreign language teachers. Others participated for graduate credit, CEU's, or simply to improve language or inter-cultural skills. Most took summer programs - although a few were on sabbatical. Many received tuition reimbursement from their employers.

WHAT IS AN IMMERSION

PROGRAM:

Immersion means that you experience the local language and culture all day, every day, everywhere. Studies show that this is the best way to learn. More than 40 years experience has shown us that NRCSA students learn more than those who are not immersed fully. Educators are encouraged to take language classes, visit local schools, meet educators in country, learn about local customs and practices and often participate in school settings.

WHY DO IT:

To learn more in the target language, to better understand the target culture, to explore, to have fun, to meet peers around the world, to gain insight into educational issues, to develop professionally, to make yourself more marketable.

WHO PARTICIPATES:

All who wish to broaden their knowledge of another language and culture, learn more about foreign medical environments and who intend to, or already work, in the education sector (teachers, administrative staff, specialists, support staff, teacher assistants, etc.) Since 1968, more than 80,000 people have participated in NRCSA programs abroad. See back panel for past participants.

WHEN CAN I Go:

In many cases and at many NRCSA locations, programs are offered year round and start weekly, so it can be easily worked into your schedule. We want it to be convenient for you! Some centers have special dates and invite educators to participate together.

PROGRAM OVERVIEW:

The course is an opportunity for you to update your language skills and exchange your experiences in using various teaching methods with international colleagues and teaching staff of the language school. The course is designed to provide you with suggestions and new ideas which you can then put into practice after returning home.
